

RAINFOREST

The Reef & Rainforest Research Centre presents

Reef Science for marine tourism operators and crew

Join us for a free information session highlighting current reef research funded by the Australian Government's Marine and Tropical Sciences Research Facility (MTRSF)

PORT DOUGLAS
Marina Mirage
Onboard *Wavedancer*
Wednesday, 28 April 2010
5:15pm - 6:30pm

Find out how MTRSF-generated research outputs are already being adopted through the RRRC's unique engagement structure to enhance the sustainability, use and management of the Great Barrier Reef, and how easy it is to access up-to-date, freely available information on reef related research.

Short presentations by guest speakers
Light refreshments provided

To RSVP, contact
Hayley Gorsuch
Reef & Rainforest Research Centre
Hayley.Gorsuch@rrrc.org.au
Phone (07) 4050 7400

Topics will include:

- Trends in the health of the Great Barrier Reef
- Impacts of climate change on marine species
- Trends in Great Barrier Reef tourism
- Trends in offshore marine stingers
- The effects of Marine Park zoning on fish populations
- The economic value of key marine species to the tourism industry
